## EDUCATION

- ◆ **INFORMATION TECHNOLOGY**  
DUY TÂN UNIVERSITY  
2021-2025

## PROJECTS

- ◆ **Courses Management(member:1)**  
  
05/2024 - 07/2024  
demo: <https://github.com/thinhkodunghang/demo>  
\_Brief: I developed a server-side course management web application using the MVC model. I interacted with the database using MongoDB with HTTP methods, implemented a RESTful API, and used authentication tokens. I also encrypted user passwords using bcrypt.  
\_Techs:  
+ FE: HTML/CSS, Bootstrap, SCSS , Javascript.  
+ BE: NodeJs Express, Postman, Mongodb .
